

Are You in Need of COVID-19 Testing?

Free testing is available in your community.

Adams County residents who do not have health insurance, and have COVID-19 symptoms, are at high risk of getting COVID-19, or suspect you have been exposed to COVID-19, can get tested through one of several mobile testing sites. You must be referred by a trusted partner organization, and testing is available to your entire household if anyone meets the above criteria, regardless of insurance or immigration status.

Contact one of the following trusted partners to secure your time slot:

- Salud Family Health – 303.697.2583 ext. 4235 or 2243
- Adelante Community Development – 720.651.3784
- Cultivando – 303.288.4783 ext. 111
- Kids First Health Care – 720.447.3118
- Servicios de La Raza – 303.953.5953
- Tri-County Health Department – tchd.org
